

Late last night, a single gunshot was discharged inside The Canal Club. We are thankful that no one was injured, and grateful to the off-duty Richmond police officers serving as our security who, along with our staff, made sure that all 400 of our patrons exited the building and the area safely.

We are working closely with the Richmond Police Department in investigating this incident, to determine how a gun got into the building, and will modify our own security procedures to ensure that this type of incident never happens again.

We remain committed to providing a safe, comfortable, and hospitable music venue for the people of Richmond.
